This tour is a light walking or jogging tour which is safe and nice. Its the perfect combination of nice mountain trails (gravel c.a 1,5km) and concret the rest. It starts from the reception with stairs up to the "middle street, turn left to the chapell, by the chapell turn right straight up to the mountains. This is a steep and quite hard uphill of 600m - go slow otherwise it can kill you right in the beginning :) - turn left after 600m by the sign Brist and stay on the nice gravel trail. When you come to the concrete road again after one kilometer turn left downhill. You will come to the main road. Take it easy and watch out for the traffic. Turn right and then straight ahead 200m until you come to the Gradac turn where you turn left. Continue 200m to the Graveyard on your right side. Walk through straight to the sea trail. Turn left and continue straight along the sea for 1,5km to the Hotel which lies in the next bay. Our Phone is 021695060

Things you should have with you when walking our mountains.

Mobilphone (good for nice photos, you can use navigation over STRAVA.COM, and emergency calls)

Water (at least half a liter for this tour... but for longer bring more).

Real Shoes (Running shoes, hiking shoes are fine as long you don't go up with slippers or sandals)

Never leave the walking trail or enter thick forest or high grass because of snakes and spiders. If you stay on the road the Snake will be gone long before you arrive and you will also always have good visibility.

Also just leave a short message on the Reception that you have left especially when going for the mountain tops Vrisije or Paskal.

Emergency Calls is 112 or call the Hotel Marco Polo for question or problems **021 695 060**
